

# OSZYLAYER

## Tech Rider

### CHANNELS:

6 x mono output / out DI BOX  
 1+2 backing  
 3 (synth)  
 4 (vocal)  
 5+6 drums (only crash, hihats, rides)  
 all channels come from DI box

### WEDGES:

1x drums  
 3x stage Front (If the risk of feedback is too high, we use IN'ear.)

### VIDEO:

If a video screen with beamer or LED is available, we need the possibility to play a background video in a loop. (download Video / JPG ) We don't have a player.

### LIGHT:

Important notes on light  
 Stroboscope, blinder, washer, smoke, fast moving lights,  
 No direct glare for singers (desirable when in contact with the crowd)

5 min briefing with the light mixer

## Hospitality Rider

### BACKSTAGE:

Sufficient beer  
 non-alcoholic drinks  
 (juices without added sugar)  
 warm vegetarian food  
 fruit

### STAGE:

5 small bottles of still water

### Important notes!!!

One band member has a slight disability. We would appreciate your help so that he can use the stage safely. Simple assistance such as a small platform or as a support. Thank you very much
